

# FIRM PROFILE

**F**ounded in 1976, Bryant Associates, Inc. (Bryant) is a professional consulting firm that provides civil, structural and traffic engineering, water resources, construction management and surveying services to public and private clients throughout the Northeast, Midwest and Mid-Atlantic regions.

Bryant is a minority and disadvantaged business enterprise (MBE/DBE) certified by various states, government agencies, counties, cities and towns. Our public sector clients include local, state and federal environmental management agencies, facility management agencies, housing authorities, parks and recreation departments, public works agencies, municipalities and transportation agencies. Our private sector clients include architects, contractors, developers, engineering firms, corporations and institutions.

For over four decades, Bryant has specialized in the area of construction management, in urban and rural areas for various municipalities, agencies, commercial clients, towns and communities.

We have extensive experience overseeing complex multi-contract structural, civil and environmental projects that require close contractor coordination, construction contract interfacing, construction progress monitoring and scheduling. Our expertise also includes special construction techniques, resolution of unusual or difficult construction conditions, redesign for changed field conditions; as well as specifications interpretation, answering contractor Requests for Information (RFIs); contractor claims analysis, evaluation and negotiation; processing contract change orders and payment requests; and final inspection and contract close-outs. Our capabilities include:

## Construction Management

- Agency/Utility Coordination
- As Built Drawings
- Change Orders
- Claims Analysis/Resolution
- Combined Sewer Overflows (CSO)
- Constructability/Design Review
- Construction Administration
- Construction Management
- Contract Closeouts
- Field Investigations
- Public/Community Outreach
- Resident Engineering & Inspection
- Value Engineering

Clients choose Bryant because of our commitment to quality, our knowledge of their needs, standards and constraints and our proficient and thoughtful professional team of managers, resident engineers, inspectors and construction administration staff. What's more, because our team has both engineering and construction management experience, we have the ability to understand constructability and therefore effectively manage programs and projects. We work together with the owner as a cohesive team and ensure cost control and budgeting are met, as well as all consent decrees and deadlines.

We regularly work both as a prime and subconsultant and often collaborate with professional peers and organizations that complement our skills and experience, to build teams with diverse capabilities. We are quality driven and our leadership team is accessible, involved and available.
