

# FIRM PROFILE

**F**ounded in 1976, Bryant Associates, Inc. (Bryant) is a professional consulting firm that provides civil, structural and traffic engineering, water resources, construction management and surveying services to public and private clients throughout the Northeast, Midwest and Mid-Atlantic regions.

Bryant is a minority and disadvantaged business enterprise (MBE/DBE) certified by various states, government agencies, counties, cities and towns. Our public sector clients include local, state and federal environmental management agencies, facility management agencies, housing authorities, parks and recreation departments, public works agencies, municipalities and transportation agencies. Our private sector clients include architects, contractors, developers, engineering firms, corporations and institutions.

For four decades, Bryant has been providing surveying services for a wide range of site/civil, transportation and structural engineering projects, including the preparation of topographic plans with utilities and property surveys. Bryant is also capable of performing surveys, as outlined below.

## Survey

Clients choose Bryant because of our commitment to quality, our knowledge of their needs, standards and constraints, and our proficient and thoughtful professional team of Professional Land Surveyors (PLS) and skilled and creative technical staff, who perform their work utilizing the latest software, including AutoCAD® Civil 3D®. Our professional staff is complemented by our seasoned field crews who have experience working on active highways, roads, subways, railroads and terminals, have attended agency and OSHA safety courses and are certified in Confined Space Entry using in-house equipment. Our field crews are equipped with total station instruments with data collectors and GPS equipment, which are routinely maintained and calibrated.

We regularly work both as a prime and subconsultant and often collaborate with professional peers and organizations that complement our skills and experience, to build teams with diverse capabilities. We are quality driven and our leadership team is accessible, involved and available.
