

FIRM PROFILE

Founded in 1976, Bryant Associates, Inc. (Bryant) is a professional consulting firm that provides civil, structural and traffic engineering, water resources, construction management and surveying services to public and private clients throughout the Northeast, Midwest and Mid-Atlantic regions.

Bryant is a minority and disadvantaged business enterprise (MBE/DBE) certified by various states, government agencies, counties, cities and towns. Our public sector clients include local, state and federal environmental management agencies, facility management agencies, housing authorities, parks and recreation departments, public works agencies, municipalities and transportation agencies. Our private sector clients include architects, contractors, developers, engineering firms, corporations and institutions.

Bryant provides a full range of transportation and traffic engineering services. Our licensed and experienced staff is skilled in the preparation of the design and contract documents for complex projects ranging from roadways and intersections in rural and urban settings, to airport installations, rapid transit facilities (rail and bus) and seaports. Our capabilities include:

Transportation/Traffic

- ADA Compliance
- Benefit/Cost Analysis
- Bike Paths & Rail Trails
- Bridge Design
- Complete Streets
- Construction Zone Traffic Management/Traffic Control Plans
- Cost Estimating
- Design of Safety Improvements
